

ENVIRONMENTAL POLICY

New Directions (Rugby) Ltd recognises that protection of the environment requires commercial activity to be conducted in a sustainable manner. We are fully committed to the best environmental practice and take responsibility for our own environmental performance.

To achieve this we will, as far as reasonably practicable, meet the following objectives to:

1. Conserve water and energy use
2. Maximise, reuse, repair and recycling methods to avoid unnecessary waste
3. Reduce use of hazardous and polluting substances and ensure safe disposal
4. Purchase products and services with regard to their environmental impact
5. Use energy efficiently to minimise greenhouse gas emissions
6. Increase the use of sustainable travel both in commuting and on business
7. Reduce the need to travel
8. Require staff and contractors to comply with all relevant environmental legislation
9. Publish our environmental policy, making it openly available to employees and the public.
